Aloha to our beloved Maui Adult Day Care Centers’ Ohana,
We are very excited to welcome our clients back to Maui Adult Day Care Centers on Monday, July 6th under the condition there are no new “clusters” or spikes of the Corona Virus on Maui. Maui Adult Day Care Centers reserves the right to close our centers if we find that our client’s, their family members or our team members safety is at risk. Our desire is to open safely and responsibly with the least amount of risk to our vulnerable kupuna, staff members and community members. Our clients, caregivers and staff’s safety and health remains Maui Adult Day Care Centers number one priority. We continued to monitor Maui’s public health statistics. Maui continues to report that Hawai’i has one of the lowest fatality rate in the Country. This is mainly due to our community’s “Safe Practices” and continued commitment to follow the established guidelines set by the CDC, Dr. Pang, Department of Health and Mayor Victorino & his team’s efforts in addition to our first responders. In the meantime, Maui Adult Day Care Centers’ team members have been very busy at our five locations preparing for our kupuna to return to their “Home Away From Home!” We would like to remind you of a few changes to our program during this pandemic:

1. Safe Practices Ensure Safe Results:
Clients who will be returning to MADCC will:
1. Have temperatures taken 3 times a day
2. Walkers and wheelchairs will be wiped down with sanitizer upon arrival, as needed and prior to departing the Center to return home
3. Hands will continue to be washed and/or sanitized upon arrival, before and after meal/snack time and as needed throughout the day;
4. Client provided face coverings, masks and/or face shileds will be required to attend Maui Adult Day Care Centers’ program.
5. Staff members will be wearing masks when interacting with clients;
6. Physical distancing will be encouraged, but we realize that in some cases, our clientele does not understand or comprehend the need to physically distance;
7. MADCC has organized each of our centers to accommodate physical distancing guidelines recommended (but not mandatory for MADCC) by the CDC & Maui’s Department of Health;
8. Visitors will be limited until further notice. Other than hospice, center approved medical professionals, vendors or Board Members who have to come to our centers (repairs, deliveries), MADCC will be limiting visitors access to our centers until the risk of the transmission of this virus is extremely low, a vaccine has been developed or the virus is eliminated; all visitors will be required to have their temperatures taken and follow the same guidelines as MADCC employees and clients;
9. Caregivers are asked to keep their loved ones home if they are sick and/or have a temperature over 99 degrees.
10. We have postponed our Shower & Sun-downing Programs until further notice.
11. For the Safety of our Clients, Caregivers, Families and our Team Members, Maui Adult Day Care Centers requires family members/caregivers to bring their loved ones to their day care center and will only accept clients who are transported to our Centers via a family member/caregiver for our initial reopening phase.

Thank you for your patience and understanding during this time. Suzanne /Ex. Director
COVID-19 Client/Caregiver & Employee Questionnaire
(To Completed daily; Return to Maui Adult Day Care Centers Upon Arrival Each Day)

Today’s Date: ______________________________   Your Temperature Upon Arrival:________________

1. Have you been tested for COVID-19 in last 14 days?   Yes _____  No ____    If so, what date? ______

A few words from
Hale Hulu Mamo
By Sheila Roback

Hale Hulu Mamo temporarily closed on March 23, 2020 due to the high risk & safety concerns associated with the Corona Virus. We remained closed throughout the months of April, May & June. MADCC & Hale Hulu Mamo’s staff was encouraged to file for unemployment benefits. On May 4th, all of our staff returned to work (regardless if they were full-time, part-time or on-call employees) to work the same schedule & perform general cleaning, sanitizing, as well as organizing & preparing Hale Hulu Mamo to reopen according to the Hawaii Department of Health’s guidelines & County of Maui suggested recommendations. We organized Hale Hulu Mamo seating keeping in mind the 6 feet social distancing seating, as well as all of the additional safety protocols needed for our Ohana’s safety & health protections. Our Hale Hulu Mamo Team carefully assessed our center needs. Our Team made purchases and performed repairs. We cleaned & sanitized our Center, organizing activity items, furniture, food & medical supplies. We moved furniture from the front room to the back room & over to the kitchen area. We also rearranged our areas keeping our kupuna and their safety in mind. Our touch areas got a thorough wipe/scrub-down, dusting washing & cleaning. We continued this momentum throughout the weeks we were closed and readying Hale Hulu Mamo for our reopening. Our sore bodies reflected our laborious efforts! We made numerous trips to the dump with truckloads of “stuff” we collected over the years & needed to dispose of. We sorted through our crafts, cleaned & organized our closets, We diligently worked on each area of our center. We set up the porch with “like-new” patio furniture from Ocean View which looks AWESOME! We replaced our worn sofas with new recliners. We are so appreciative to have had this valuable time to refresh our Center. It is difficult to do so many of these chores when we are open, working & responsible for providing daily care & activities for our Kupuna. All of our staff were able to work the same schedule during this time which was a wonderful bonding opportunity. We enjoyed the same Monday-Friday schedules, being able to talk and exchange ideas. With all of our staff working together every day we were able to achieve our goals and were blessed to see the “fruits of our labor;” We are excited to share our beautiful, clean, organized Hale Hulu Mamo with you and we are waiting for our Kupuna to return & enjoy. We want to sincerely thank our Hana community for their patience and understanding during the time we were closed. Please continue to visit our website at www.madcc.org for Corona Virus updates to our program and important information updates. Mahalo!
